

# METROPOLI

design Alberto Meda / Paolo Rizzatto, 1992

- Type:** Wall, Ceiling
- Light source:** Halogen, fluorescent or LED\* according to the optics requested
- Product use:** Indoor, Outdoor
- Materials:** Die-cast aluminium body  
moulded glass or polycarbonate diffusor
- Colors:** Structure in white, painted alu, polished alu
- Description:** Sober and impeccable, the die-cast aluminium frame houses the diffusor and a series of interchangeable optics whereby either halogen or fluorescent lamps may be used. Metropoli is now proposed with LED sources for a higher efficiency. The diffusor comes in moulded prismatic glass or in opal polycarbonate (waterproof).
- Certifications:** **IP65** (with kit for polycarbonate diffusor only.  
For outdoor versions do not use the polished or bronze finishes)
- Insulation class:**
- Awards:** Compasso d'Oro ADI Milano 1994, prize
