

# MILLIMETRO

design Daniel Rybakken

**LUCE  
PLAN**

Type: Table  
Light source: **A11=1W:** led module 13W, 2700K, CRI 90, 1.455 lm  
Product use: Indoor  
Materials: Aluminium, steel and brass structure, polycarbonate diffuser  
Colors: White/mirror

Description: In this declination, the thin reflecting disk is equipped with a stem that provides multiple functions: it defines the finish of the lamp, it supports the disc in an oblique position over the table and, in corrspondence with the side facing upward it becomes a sensor for on-off and dimmer functions. The light source, contained in the flat and discreet optical housing attached to the back surface of the disk, spreads a soft glow on the surface.

Rating: 120 - 277V, 9W

Insulation class and marks:
